## **Tratado de Nutrición** Editor: Ángel Gil Hernández

### **Coeditores**

#### **Tomo I**

Fermín Sánchez de Medina Contreras

#### **Tomo II**

M<sup>a</sup> Dolores Ruiz López

#### **Tomo III**

Enma Camarero González  
Jesús Manuel Culeras Fernández  
Javier González Gallego  
Miguel León Sanz

#### **Tomo IV**

Julia Álvarez Hernández  
Abelardo García de Lorenzo y Mateos  
Juan Carlos Montejo González  
Mercé Planas Vilá

## **WHO Expert Committee on Biological Standardization**

Fifty-second Report

Geneva, 26–30 November 2001

### **Contents**

#### **Introduction 1**

#### **General 2**

Developments in biological standardization 2  
Bioterrorism 4  
International nonproprietary names for  
biotechnology-derived  
medicinal products 6

#### **International guidelines, recommendations and other matters related to the manufacture and quality control of biologicals 7**

Guidelines on clinical evaluation of  
vaccines: regulatory expectations 7  
Group C meningococcal conjugate  
vaccines 8  
Inactivated oral cholera vaccines 9  
Guidelines on viral inactivation and  
removal procedures intended  
to assure the viral safety of human blood  
plasma products 10  
Pneumococcal conjugate vaccines 11  
Potency assays for diphtheria and tetanus  
vaccines 12  
Pertussis vaccines 12

Preventive human immunodeficiency virus vaccines 13  
 Cell substrate safety 14  
 Cell banks 15  
 Yellow fever 16  
 Poliomyelitis vaccine, oral 16  
 Transmissible spongiform encephalitis and the safety of biologicals 18  
 Antivenoms 18  
 Gene therapy 20  
 Discontinuation of requirements and guidelines 20

#### **International reference materials 21**

Biological substances: international standards and reference reagents 21  
 International biological standards for in vitro diagnostic procedures 22  
 International reference materials for the diagnosis and study of transmissible spongiform encephalitis 23

#### **Antibodies 24**

Human antibody against human platelet antigen 5b 24

#### **Blood products and related substances 24**

International reference panels for the validation of serological and nucleic acid based test for the detection of hepatitis B, hepatitis C and human immunodeficiency virus in blood screening 24  
 Factors II, VII, IX, X, Plasma 26  
 Von Willebrand factor 27  
 Streptokinase 29  
 Unfractionated heparin and low-molecular-weight heparin 30

#### **Cytokines, growth factors and endocrinological substances 31**

Human chorionic gonadotrophin 31  
 Ciliary neurotrophic factor 32  
 Prolactin and its glycosylated and non-glycosylated components 32

#### **Miscellaneous 33**

Pertussis toxin standard 33

#### **Annex 1**

Guidelines on clinical evaluation of vaccines: regulatory expectations 35

#### **Annex 2**

Recommendations for the production and control of meningococcal group C conjugate vaccines 102

#### **Annex 3**

Guidelines for the production and control of inactivated oral cholera vaccines 129

#### **Annex 4**

Guidelines on viral inactivation and removal procedures intended to assure the viral safety of human blood plasma products 150

#### **Annex 5**

Biological substances: international standards and reference reagents 225

#### **Annex 6**

Recommendations and guidelines for biological substances used in medicine and other documents 228
