In the original publication of the article, Table 2 was published containing an error. With reference to the observational study of nesting House Crows (*Corvus splendens*) by Sohi and Kler (2017), the authors wrongly reported the nest site as “Nestbox” when it should have been described as “Platform nest in several tree species”. The authors are most grateful to Anne Clark of Binghamton University, Binghamton, NY, USA for bringing this mistake to their attention.
